

ANTIPODES®

We present pure and natural skincare and makeup created from unpolluted New Zealand nature.

Fertile soil, clear air, high sunshine hours and clean rainfall. These superior growing conditions give us bountiful ingredients for our award-winning formulations.

Nutrient –rich natural ingredients from world-class New Zealand producers: Vitamin C-rich kiwi seed oil, antibacterial manuka honey from bees that forage on wild manuka flowers, and luscious avocado oil.

Sustainably-harvested botanical bioactives from plants and trees in New Zealand rainforests, with potent skin-enhancing properties that have evolved in splendid isolation over millions of years,

We also supercharge our formulations with the best of the world's superfoods such as Himalayan goji berry, Mexican chia seed, and the Japanese Reishi mushroom of immortality.
